

# How To Create A Fox Hunt Map

Our club uses Gaia GPS to create interactive Fox Hunt Maps.

## Create Free Gaia GPS Account

#### https://www.gaiagps.com/register/

Download GaiaGPS App on all your <u>Apple</u> or <u>Android</u> devices and sign-in to your account. The free version of the app will allow you to do everything you need.

Gaia GPS is part of the Outside family. Outside members can use their existing email and password to log in to Gaia GPS.
email and password to log in to Gaia GPS.

### Create New Area

Login to <u>GaiaGPS</u> from any web browser on your computer and click the "Area" tab to create a new fox hunt area.

#### Fill In Area Details

- 1. Name your area
- 2. Add fox hunt dates in "Notes"
- 3. Turn "Public Sharing" on
- 4. Create area by clicking on map to add points
- 5. Save Area

#### Share Your Map

- 1. Click the "Share" tab to copy your new map URL to the clipboard.
- 2. Paste your URL to the "Fox Hunt Maps" channel on Discord.

This document is available at <u>https://n5oak.org/foxhunt</u> as well.
